BACKGROUND: The Maine Indian Claims Settlement Act of 1980 (Pub. L. 96-420; H. Rept. 96-1353) includes the intent of Congress to fund and provide PRC to the Passamaquoddy Tribe. The Passamaquoddy Tribe has two reservations: Indian Township and Pleasant Point. The PRC SDA for the Indian Township reservation is Aroostook County, ME, and Washington County, ME. The PRC SDA for the Pleasant Point reservation is Washington County, ME, south of State Route 9, and Aroostook County, ME.

The IHS currently provides services under regulations codified at 42 CFR Part 136, Subparts A through C. Subpart C defines a Purchased/Referred Care (PRC) Service Delivery Area (SDA), formerly referred to as a Contract Health Service Delivery Area, as the geographic area within which PRC will be made available by the IHS to members of an identified Indian community who reside in the area. Residence in a PRC SDA by a person who is within the scope of the Indian health program, as set forth in 42 CFR 136.12, creates no legal entitlement to PRC but only potential eligibility for services. Services needed but not available at an IHS/Tribal facility are provided under the PRC program depending on the availability of funds, the person's relative medical priority, and the actual availability and accessibility of alternate resources in accordance with the regulations.

As applicable to the Tribes, these regulations provide that, unless otherwise designated, a PRC SDA shall consist of a county which includes all or part of a reservation and any county or counties which have a common boundary with the reservation. 42 CFR 136.22(a)(6). The regulations also provide that after consultation with the Tribal governing body or bodies on those reservations included within the PRC SDA, the Secretary may from time to time, re-designate areas within the United States for inclusion in or exclusion from a PRC SDA. The regulations require that certain criteria must be considered before any re-designation is made. The criteria are as follows:

- (1) The number of Indians residing in the area proposed to be so included or excluded;
- (2) Whether the Tribal governing body has determined that Indians residing in the area near the reservation are socially and economically affiliated with the Tribe;
- (3) The geographic proximity to the reservation of the area whose inclusion or exclusion is being considered; and
- (4) The level of funding which would be available for the provision of PRC.42 CFR 136.22(b).

Additionally, the regulations require that any re-designation of a PRC SDA must be made in accordance with the Administrative Procedures Act (5 U.S.C. 553). *See* 42 CFR 136.22(c). In compliance with this requirement, we are publishing this proposal and requesting public comments.

The Passamaquoddy Tribe is a federally recognized tribe with two separate reservations, Indian Township and Pleasant Point, located approximately 50 miles apart. Each respective reservation elects its own governing body and each reservation has a separate

PRC SDA. The Indian Township reservation of the Passamaquoddy Tribe has a PRC SDA consisting of Aroostook and Washington Counties in the State of Maine. The PRC SDA for the Passamaquoddy Tribe's reservation at Pleasant Point is Washington County, Maine, south of State Route 9, and Aroostook County, Maine. IHS adopted a PRC SDA for each of the Passamaquoddy Tribe's reservations for the purposes of administering benefits under the IHS PRC program. Thus, members of the Tribe who reside outside of Aroostook and Washington Counties do not reside within the PRC SDA of the Passamaquoddy Tribe and they are currently not eligible for PRC services from the Tribe.

The Passamaquoddy Tribe has a significant number of members who are not residents of Aroostook and Washington Counties. According to Tribal estimates, 257 enrolled Passamaquoddy members reside in Hancock County in the State of Maine and remain actively involved with the Tribe, but they are not currently eligible for PRC care. The Tribe provides direct services to its members by operating a clinic in Washington County.

Under 42 CFR 136.23, those otherwise eligible Indians who do not reside on a reservation but reside within a PRC service delivery area must be either members of the Tribe or maintain close economic and social ties with the Tribe. In this case, in applying the aforementioned PRC service delivery area re-designation criteria required by operative regulations (43 FR 34654), the following findings are made:

1. By expanding, the Tribe estimates the current eligible population will be increased by 257.

- 2. The Tribe has determined that these 257 individuals are socially and economically affiliated with the Tribe.
- 3. The expanded area, Hancock County, ME, maintains a common boundary with Washington County, ME, the county in which the Tribe's Indian Township reservation is located.
- 4. The Tribe will use its existing Federal allocation for PRC funds to provide services to the expanded population. No additional financial resources will be allocated by IHS to the Tribe to provide services to Tribal members residing in Hancock County.

Accordingly, the purpose of this <u>Federal Register</u> notice is to notify the public of the proposal to expand the PRC service delivery area of the Passamaquoddy Tribe's Indian Township reservation to include Hancock County in the State of Maine. The proposed notice will expand their current service delivery area to include Hancock County in the State of Maine.
